DETAILED ACTION

Response to Amendment

1. This action is in response to the amendment filed 17 July 2004 that amended claims 1, 4-7, 11-13, and 17-21. This amendment was in addition to the amendment filed 01 June 2004 that amended claims 1, 4-7, 11-13, and 17-21. Claims 22 and up have been cancelled.

Allowable Subject Matter

2. Claims 1-21 are allowed.

3. The following is an examiner's statement of reasons for allowance: the prior art does not suggest receiving an unique number from a stamp and using that unique number to generate a digital certificate. There are several instances in the prior art wherein numbers are scanned off of envelopes or stamps, but they are never manipulated as described in the claims. There are also many instances of unique numbers and certificates derived from the unique numbers both being printed on a stamp. However, the prior art never suggests that the numbers are received from the stamp prior to the generation of the certificate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
